Regulatory Statement: Desco 06722 LABEL, ATTENTION, RS-471, 2" x 2", ROLL OF 500

EU Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

These products do not contain a currently listed substance of very high concern (SVHC) on the Candidate List above the threshold of 0.1% by weight, and/or do not contain a substance that is intended to be released. The current REACH SVHC Candidate List amended July 8, 2021 (219 substances) can be located at <http://echa.europa.eu/Candidate-list-table/>. Additionally, these products contain none of the REACH Restricted Substances under Annex XVII.

Directive 2011/65/EU (RoHS 2) on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment and Directive (EU) 2015/863 to Amend Annex II to RoHS 2 (RoHS "3")

These products do not exceed the maximum concentration values (MCVs) set under EU Directive 2011/65/EU (RoHS recast/RoHS 2), as stated in Annex II to that directive. Also, these products do not exceed the MCVs for phthalates set under EU Directive 2011/65/EU (RoHS recast/RoHS 2), as amended by EU 2015/863. Complete details of RoHS 2 are located at http://ec.europa.eu/environment/waste/rohs_eee/legis_en.htm.

Conflict Minerals

Conflict Minerals, according to the U.S. Dodd-Frank Wall Street Reform and Consumer Protection Act, are defined as gold, tin, tantalum, or tungsten originating from the Democratic Republic of the Congo (DRC) or adjoining countries. Desco does not use conflict minerals in any formulated materials for above-listed products.

California Proposition 65

Substances identified by The Safe Drinking Water and Toxic Enforcement Act of 1986 are not intentionally added.

TSCA

None of the substances restricted by the U.S. EPA in the Toxic Substance Control Act of 1976 (TSCA), including the five Persistent, Bioaccumulative, and Toxic (PBT) chemicals identified and outlined in section 6(h) and which took effect Feb. 5, 2021, are used or intentionally added to these products.

China VOC

On July 3, 2018, the State Council of the People's Republic of China released their three-year action plan to improve air quality. On March 4, 2020, the Standardization Administration of the People's Republic of China (SAC) released four mandatory national standards on VOCs in coatings, adhesives, inks, and cleaning agents. These policies mainly affect the operations of companies in China, with the intention of pushing them to adopt and industrialize new technologies. Our products do not fall into these categories, are not manufactured in China, and have no residual VOCs.

Disclaimer

This information is based on information furnished by our suppliers. Desco (Seller), a division of Desco Industries, does not conduct any independent tests of Materials and disclaims any responsibility to do so. This, however, does not exclude that trace levels of those substances may be unintentionally present. However, no warranty with regard to the information contained herein is expressed or implied and Desco Industries expressly disclaims any liability whatsoever arising from or in connection with this letter.

ASIDE FROM THE STATEMENTS ABOVE, NO WARRANTY, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR ANY PURPOSE, OR ANY OTHER WARRANTY OR GUARANTEE IS MADE OR IMPLIED REGARDING THE MATERIALS OR THE GOODS OR THE REPRESENTATIONS OF THE SUPPLIERS, THE RESULTS TO BE OBTAINED FROM THE USE OF THE GOODS, THE SAFETY OF THE GOODS, OR THE HAZARDS CONNECTED WITH THE USE OF THE GOODS. ALL SUCH WARRANTIES ARE EXCLUDED.
